The Case of a Negro Voter.

Alex Winfield, one of the several negroes imported from Breckenridge county, presented himself for a vote in East Hartford precinct yesterday afternoon and his right to vote having been challenged, made an affidavit that he was a legal voter in this precinct, whereupon he was allowed to vote. Taylor, filed the proper affidavit and a writ was issued charging Winfield with illegal voting. The writ was placed in Sheriff R. B. Martin's hands who arrested the defendant and took him before Judge W. B. Taylor and when the case was called the negro waived examining trial and the defendant was permitted to go on his own recognizance under a \$50 bond.

G. B. Burhans Testifies After Four Years.

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of these symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." James H. Williams.

A great achievement—the building of the Metropolitan Tower, New York,—the tallest building in the world.

But the architect who planned it put no more care into his work than we put into the making of CROSSETT shoes.

He planned for beauty—so do we. He planned for the comfort of the Tower tenants. We plan for the comfort of CROSSETT tenants. He planned for the wear and tear of
